Where to Find Spare Change

1. **Laundry Room:** Check the washer, the dryer and the counter top where Mom often places change found in pant pockets
2. **Kitchen Drawers:** The drawer where keys are kept is really a popular place as people empty the pockets and purses where they keep their keys
3. **Purses and Backpacks:** The typical purse has tons of change that collects at the bottom! Ask Mom first!!
4. **Jacket Pockets:** Check suit pockets as well as fall and winter coats.
5. **Your car:** ashtrays, in between seat cushions and on the floor
6. **Don't forget the COUCH:** You can probably find a couple dollars in between the cushions and underneath that sofa!
7. **Check with Mom & Dad....**make sure any change you bring in is first ok'd by a parent.
